### 2018 Rules and Regulations

- 1) The league shall be known as the Northampton Men's Slow-Pitch Softball League.
- 2) The league shall be under the jurisdiction of the Northampton Parks & Recreation Commission and shall be under the direction of the Director of Parks & Recreation and/or his designate.
- 3) Players will compete at their own risk. The Parks & Recreation Commission will not be responsible for injuries.
- 4) All bats must be on the approved bat list. If a bat is not on the list and you think it meets the criteria you can ask that it be added to the list.
- 5) The **Home Run Rule** is set for **5(five) per game**. Any home run hit after this will result in an out. The rule is in effect and includes extra innings. Players are responsible for getting their team's home run balls and bringing them back to the umpire. This is a temporary rule and it will be re-evaluated halfway through the season.
- 6) A player must be at least 16 years old to play.

***Lightning Policy: Adopted May 7, 2012: Northampton Parks & Recreation Commission Lightning Policy***

Thunder or lightning necessitates that all outdoor practices and competitions be suspended. Before a practice/game begins, take a look around and have a plan for shelter prior to the start of any contest.

When thunder is heard or when lightning is seen, the following procedures must be executed:

- Suspend play and direct participants to the previously identified shelter, a building normally occupied by the public or if a building is unavailable, participants should go inside a vehicle with a solid metal top (e.g. bus, van, car).
- Do not permit people to stand under or near a tree; and have all stay away from poles, light towers, antennas, towers and underground watering systems.
- After thunder and/or lightning have left the area, wait 30 minutes after the last boom is heard or strike is seen before resuming play or competition.

7) *Adopted as of April 1, 1997: (revised August, 2002)*

Any additions must be done at the Parks & Recreation Department and not at the field.
- 10) In the event that there is not an “A” division, there will be a maximum of three “A” division ability players on the field at a time. - 12) Copies of official team rosters will be emailed to team managers when games begin and after the completion of the add/drop period. These rosters are also available in the men’s softball binder that is located in the equipment box at Maines Field.

- 15) All games shall be played under the rules of the Hampshire Independent Umpires Association (IUA), with exceptions as stipulated in these rules and regulations.
- a) A team must have nine (9) players to start a game. A player who arrives late must enter the game immediately and be placed tenth (10th) in the batting order.
  - b) If an injury occurs to a player during the game, the game may continue with 9 /10 players. The lineup will remain unchanged except for the omission of the injured player from the batting order.
  - c) After 4 1/2 or 5 innings, a team with a 12 run lead will be declared the winner with no further action to be taken.
  - d) Metal spikes are not permitted. Any player found wearing metal spikes will be immediately ejected from the game.
  - e) The additional hitter (AH) can be used at the discretion of the coaches as the 11th batter placed anywhere in the lineup. The "AH" must be decided before the first pitch. The batting order must remain constant; however any 10 of the 11 players can take a defensive position throughout the game.
  - f) All Divisions: We will play under the IUA rule of two strikes for an out and three balls for a walk.
  - g) There can be one courtesy runner per inning for injured players only. If the hitter takes an extra base (ie. goes past first base) then a courtesy runner is not allowed to substitute for the hitter. If a hitter takes a substitute runner at second base due to injury, the hitter is ineligible for re-entry into the game. The courtesy runner must be the last player to make an out.
  - h) If the length of a game reaches an hour and a half, the teams will finish the inning they are playing and the game will be considered complete.
- 16) "Open Wound" rule: No player will be allowed to continue playing with an open wound until the bleeding has been stopped, cleaned and covered. To avoid problems, all teams should carry a first aid kit as part of your equipment. An umpire will give reasonable time to stop the bleeding and cover the wound before a substitute is required.
- 17) Re-entry - Any of the starting players may withdraw and re-enter once, provided such player occupies the same batting position whenever he is in the lineup. The pitcher is governed by the provision in the USSSA official rulebook. A substitute who is withdrawn may not re-enter.
- 18) All players, coaches, and fans are expected to conduct themselves in a sportsmanlike manner. Any player, coach, or fan whom harasses or abuses a game official or another player is subject to the penalties outlined in the Parks & Recreation Department's policy statement regarding verbal and physical abuse.
- 19) Managers are expected to keep team players in control at all times. It is the manager's responsibility to encourage team members to take responsibility for actions, and conduct themselves in an appropriate manner. In an effort to promote team sportsmanship and reduce unsportsmanlike behavior, if a player is ejected from a game, the team manager is automatically ejected as well. Both are subject to the fines and penalties outlined below.
- 20) In line with other league policies, a \$10.00 (\$15 for non-residents) fine is assessed to any player that is ejected from a game. The fine increases by \$10 each incident.

## **Safety Regulations**

In playing organized sports, the participant must be aware of any and all risks to personal injury. The game of softball carries with it some obstacles that can cause serious injury. Other players, equipment, fences, boundaries, benches, etc. all pose potential areas of injury.

Remember, this is a recreational sport. Keep your body under control to avoid collisions. Be aware of all ground rules. Keep all equipment away from playing areas and be considerate of the safety needs of you and your co-players.

The Parks & Recreation Department strongly recommends the use of facemasks for catchers. Team managers should ask all potential catchers if they would like to wear a mask. If the answer is yes, go out and buy one. Failure to wear one could cause serious injury or death.

Please be aware the DPW- Parks & Recreation Division maintains all City fields. Please report all maintenance problems or any unsafe field conditions to us at 587-1040 and we will report the problem to the Parks & Recreation Division of the DPW.
